

INTEGRA Partners With PRMS to Deliver Enterprise Dashboard Reporting and Production Analytics Solutions

Relationship allows INTEGRA to deliver comprehensive management reporting, production analytics and risk management solutions to its clients nationwide

North Little Rock, Arkansas. – June 19, 2012 – INTEGRA Software Systems, a leading provider of loan origination software solutions, and Precision Risk Management Systems, Inc. (PRMS), the leading provider of production analytics and enterprise dashboard reporting solutions, announced today that they have partnered to deliver advanced reporting and production analytics solutions to INTEGRA clients.

INTEGRA President, Jerry Pratt, stated, “In an effort to constantly add value for our clients nationwide we have partnered with PRMS to deliver enterprise wide dashboard-driven reporting and production analytics tools to help our clients achieve greater profitability. PRMS provides innovative solutions that are dashboard-driven, intuitively easy to use and are up and running in an extremely short period of time, providing a rapid return to our clients. For those clients requiring in-depth production analytics or better loan allocation and risk management solutions, INTEGRA now offers those advanced capabilities through the PRMS relationship.”

David Demster, Executive Vice President of PRMS, said “PRMS is extremely pleased to be working with the team at INTEGRA Software Systems. Through the relationship, INTEGRA will be able to offer its clients a powerful set of dashboard-driven tools for enterprise reporting and production analytics, as well as loan allocation and risk management solutions that consistently maximize loan execution, even in volatile markets.” Demster added, “These solutions will provide INTEGRA customers throughout the lending organization with the focused business reporting, graphical dashboard information and key performance indicators that will enable management and staff to do their jobs at an optimum level.”

About Integra Software Systems

Established in 1996, INTEGRA partners with mortgage lending clients; medium to large-sized banks and credit unions; brokers; retail, wholesale and sub-prime lenders – to provide each of them a competitive advantage with a loan origination system (LOS) tailored to meet their specific needs. INTEGRA’s **Destiny** LOS spans point-of-sale through post-closing and secondary marketing for lenders interested in efficiencies gained from automating every step of their mortgage loan workflow. **Destiny** wraps around a lender’s particular business model and each of their business channels: Retail, Wholesale, Correspondent, Internet, Affinity, Telemarketing and Employee Loan.
