March 19, 2012 - PRMS Signs Agreement with Ellie Mae

LITTLE ROCK, AR - Precision Risk Management Systems, Inc has announced that Ellie Mae has joined the growing list of mortgage technology vendors that have partnered with PRMS to roll out the PRMS Enterprise Dashboard System (EDS). Ellie Mae's Encompass360 loan origination system has been integrated with EDS for both hosted and non-hosted Ellie Mae clients.

"We are very pleased to establish this relationship. PRMS is proud to be in a position to deliver a top-notch reporting and business intelligence solution to Encompass users and have these users up and running in rapid fashion. To shorten implementation timeframes, we have created a drop-in data integration for all Ellie Mae clients." - Dave Demster, EVP

About the Company

Precision Risk Management Systems provides technology and services for the financial industry; specializing in mortgage pipeline risk management, production analytics and business intelligence. For more information, contact Greg Ellis.
